

But First...Let Me Take a Selfie

OBJECTIVE: Instagram is a social media app used to share our lives with each other. In this assignment, you will create 2 Instagram pages for 2 different social reformers of the 1800s.

Fill in the information for each section based on what you have learned about the figure/character. Use the template provided or create your own. Each Instagram must include these components:

- ✚ **SELFIE:** You will draw/trace a selfie of the reformer. If you are in Digital Media or Yearbook, you may also create yours on the computer or pose a picture of yourself as the reformer. Be creative with backgrounds/props. They need to symbolize something important about the reforms this person championed.
- ✚ **LIKES:** Name and describe three people that would have “liked” the photo and why. Describe his/her relationship with the reformer.
- ✚ **CAPTION:** Describe what the person is doing when the picture was taken. The post should reflect what you have learned.
- ✚ **HASHTAGS:** Create 5 hashtags that represent facts about the reformer. Then describe each hashtag in the space provided.
